PROFESSIONAL PROFILE

Multidisciplinary licensed architect and software founder with 6+ years across architecture, construction-adjacent project delivery, private practice, estimating, proposals, supplier coordination, UX/UI, and full-stack product development. Combines lived AEC workflow knowledge with technical execution: able to design the product experience, understand the operational pain, and ship working software.

PROFESSIONAL EXPERIENCE

Founder and Product Builder
2025 - Present

Archestimator

- Building Archestimator, a structured estimating and proposal workspace for reusable cost logic, project memory, client review, Excel export, and AI-assisted drafting.
- Leads product strategy, UX/UI, software architecture, and implementation from inside the AEC workflow the product serves.

Full Stack Developer
2023 - 2024

Skand

- Worked across software, product, and design execution, continuing the transition from architecture practice into hands-on technology roles.

Startup Roles
2020 - 2023

Frontend, UX/UI, and Engineering

- Worked across startup technology roles spanning frontend engineering, UX/UI design, product execution, and multidisciplinary delivery.

Owner and Principal Architect
2017 - 2020, 2024 - Present

Echavez Lewis Architectural Design Studio

- Led a private architectural practice delivering commercial, office, residential, and interiors projects from design through documentation and coordination.
- Managed project planning, client presentations, contract documents, permit requirements, supplier and contractor coordination, and small freelance teams.

Architectural Designer
2016

BAAD Architects

- Worked on architectural design and documentation within a professional studio environment.

Architectural Staff
2015

Jose Siao Ling and Associates

- Supported architectural project work after completing formal architecture training.

Assistant Architect and Planner
2015

Architect Chona Elvas-Ponce, UAP

- Prepared design, visualization, marketing, and planning materials for master-planned projects and residential community concepts.

Assistant Architect
2014

Studio Ong

- Supported 2D drafting, 3D modelling, drawing checks, and coordination for residential condominium fit-out projects.

CORE STRENGTHS

Architectural practice management | Estimating and proposal workflows | Supplier, contractor, and engineer coordination | Full-stack web development | Product design and UX/UI | AEC workflow analysis | Founder-led execution | Product strategy and roadmap planning | Project management and delivery cadence | Structured validation and pilot planning | Cross-functional leadership | Systems thinking | Stakeholder management | Strategic communication | AI-assisted workflow design | Client presentations and documentation

SELECTED TECHNICAL STACK

Frontend

HTML, CSS/SCSS, Tailwind CSS, JavaScript, TypeScript, React, Next.js, Gatsby, Svelte

Backend and Data

Node.js, Express, REST APIs, GraphQL, MongoDB, PostgreSQL, Redis, Firebase, Supabase

Product and Design

Figma, Adobe XD, UX/UI design, product discovery, interface systems, copywriting, brand design

Artificial Intelligence

Claude, Codex, Kimi, OpenCode, CommandCode

Architecture and Visualization

AutoCAD, SketchUp, V-Ray, Lumion, Photoshop, Illustrator, InDesign, contract documentation

EDUCATION

Bachelor of Science in Architecture

2009 - 2015

The Pontifical and Royal University of Santo Tomas

- Graduated with an Outstanding Thesis Award.
- Active in UAPSA-UST, the College of Architecture Student Council, Architect, and the Heritage Conservation Society.

PROFESSIONAL DEVELOPMENT

- Google Project Management and Google UX Design - Coursera
- UI/UX Design and Graphic Design - California Institute of the Arts, Coursera
- Project Management Principles and Practices - UC Irvine, Coursera
- Full Stack Web Development with React - HKUST, Coursera
- Enterprise Design Thinking Practitioner - IBM
- Selected coursework in TypeScript, React, Node.js, MongoDB, CSS, product design, copywriting, finance, statistics, and digital marketing.

AWARDS, PUBLICATIONS, AND SPEAKING

- Outstanding Thesis Award - University of Santo Tomas College of Architecture.
- Featured in Shelter Magazine and Architecture Dichotomies, including "The Finer Class - A Continued Search for Architecture's Rising Vanguards."
- Speaker or workshop contributor for UST architecture forums and student events, including Pecha Kucha-powered Archive, Ideate, Trivium, Grafik, and thesis presentation forums.

LEADERSHIP AND ASSOCIATED EXPERIENCE

2016 Advisory Board Member, United Architects of the Philippines - Student Auxiliary UST Chapter
2015 Chapter President, UAP Graduate Auxiliary Manila Chapter
2013 Creative Director, UST College of Architecture Student Council
2012 Philippine Delegate, 4th Malaysian International Youth Programme
2012 Technical Director, UST Archinet - Architecture Network
